GAINING A COMPETITIVE EDGE THROUGH TECHNOLOGY

Alliant Systems' Annual Customer Conference

October 19th - 21st, 2011

The Worthington Renaissance Fort Worth Hotel | Ft. Worth, TX

2011 CONFERENCE SPONSORS

Please register by September 23rd, 2011

CONFERENCE TOPICS

THE PREMIER INDUSTRY EVENT FOR INDEPENDENT OPERATORS

ALLIANT SYSTEMS SESSIONS:

- Alliant Route Accounting 2.0 – An update of enhancements added to the 2.0 product will be reviewed, as well as a summary of new reporting features.
- Alliant Mobile – This session will summarize updates to the 2.0 Mobile product, as well as preview the next generation of Alliant Mobile, scheduled for 2012, which will run on the Android platform. This session will address hardware questions related to the upgrade and transition from 2.0 to 3.0.
- Industrial Operator Roundtable – The industrial session will review issues related to companies involved in the industrial segment of the market. Topics will include new functions and report capabilities, and will include a review of enhancements in the Stockroom and Work Order modules.
- Linen Operator Roundtable – The linen session will cover topics of interest to operators whose primary business is hospitality linen, medical linen and bulk healthcare. Key reporting and functional enhancements will be covered.
- Ask Alliant – Each day, Alliant representatives will be available to answer questions one on one.

SUPPLIER SESSIONS:

- Representatives from Automation Dynamics, Performance Matters, Turnkey Engineering, Positek RFID, Weiser LLP and Mobile IQ will be on hand to share some of their new technologies and solutions.

Whether your business is focused on uniform rental, hospitality linen, dust control, medical linen, healthcare – or a combination of all of them –
